### List Of Slackers In County Being Compiled – Will Be Published Soon

The names of 400 more citizens of Cochise county that have been called for the purpose of filling up Cochise county's quota of 674 men are given below. The balance of the 1,200 in this call will be published in Friday morning's issue. The examining board will be in session in this city on Friday at the Y. M. C. A. and will examine all who present themselves on that date. On Saturday the board will go to Douglas to examine men at that place and those who are not examined on these days will be required to go to Tombstone on Monday.

Clerk Krebs, of the examining board, is making up the list of those who failed to show up when notified, and this list will be ready for publication within the next day or so. Several of those who were called in the first list have shown up and are now requesting to be examined. Some of these reported yesterday and were told to be on hand Friday morning at the "Y" when their cases will be taken up.
